We continue this term working on our theme 'It takes a village to raise a child' - learning about all the people and groups that support our young people.

Last term we focussed on all the people in our school community.

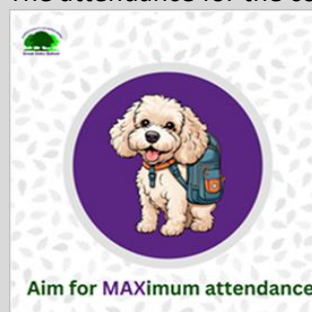

This term we are looking at our local communities around Southampton and will include visits to and visitors from our community.

As part of this theme this week, students in A16 completed part of the 'Southampton Mystery Adventure' following clues around Southampton to eliminate suspects in the theft of the Titanic's Missing Millions. They learnt about our local history and discovered monuments and statues that they had never noticed before.
